# We Invite You . . .

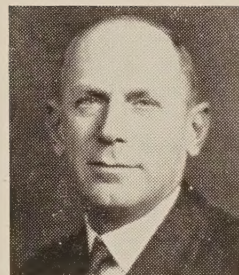

Once more we invite you to Maxwalton Farms where good Scotch Shorthorns have been produced for a third of a century. Our offering this year consists of seven outstanding young bulls and forty-five beautifully bred females and each individual will bear the most critical inspection. This is the first sale in which we have offered the blood of our young herd bull, Imp. Creiffvechter Beacon and we are confident that those who inspect him and his calves on sale day will agree that he is the greatest sire in Maxwalton history.

We do not ever praise Maxwalton cattle beyond their real merit. Those who are familiar with the development of the Shorthorn breed in this country are fully aware that Maxwalton bred bulls and females have been included in the foundations of the strongest herds in all states.

We believe that the cattle included in our 1947 sale are better than any heretofore offered in a Maxwalton auction. It is our hope that you will attend the sale and that you will spend enough time with us to really become familiar with every animal in our large and widely known breeding herd. Such a visit from you, whether you buy or not, will be a pleasure to us and, we hope, to you.

# MAXWALTON

## A Name Rich In Breed History

Much breed history has been written at Maxwalton . . . from the days of Avondale on down through the days of Revolution, Maxwalton Renown, Imp. Rodney, Maxwalton Pure Gold, Browndale Cumberland, Browndale Conqueror, Maxwalton Alert, Maxwalton Souvenir and Klaymor Extra. More history is being written today through the use of the great young imported bull, Crieffvechter Beacon. A dozen of his calves will be in a display pen on sale day and these will give a hint as to the quality that may be expected through his service.

# THE STRONGEST MAXWALTON SALE OFFERING

In the breeding of pure bred cattle one must use only the best material that can be procured in order to be sure of making progress. Such material can come only from herds that have been built upon a secure foundation and have been developed and maintained by the use of the best bulls of the breed.

Such a herd is Maxwalton and, although its past has been a succession of glorious achievements, it is at present better than ever before and its productions cannot be excelled for building and improving contemporary breeding establishments.

The fifty-two beautiful young Shorthorns listed in this catalog are superior to any other offering ever made from Maxwalton. They are blockier, more compact and shorter legged than any that have been offered before from this famous herd and they are backed by such strong ancestry that their ability to reproduce this type is assured.

Wherever Shorthorn cattle are known, the name "Maxwalton" means quality. Every breeder, from the largest down to the smallest, recognizes the prestige in this name because they know that for a third of a century superior individuality has gone along with each animal bearing it. All that should be necessary to create a desire in YOU to own some of the animals that are to be offered in this 1947 auction sale is the plain statement that these fifty-two outstanding individuals are<sup>®</sup> sure to add further prestige to the name "Maxwalton."

—Hal Longley of The Shorthorn World.

## Imp. Creiffvechter Beacon—

is the present senior herd bull at Maxwalton Farms. He is an impressive individual as his picture shows and his pedigree is packed with Scotland's most famous blood. Nearly all of the bred females in this sale carry his service. As an indication of the kind of calves that may be expected from these matings, a dozen of his first calves will be on display on sale day. They are perfect in their dark colors and we believe you will agree with us that they closely approach perfection in conformation.

KLAYMOR IRONSIDES

### Klaymor Ironsides—

is the most recent addition to the Maxwalton herd bull battery. We purchased him at the last W. J. Russell sale in Canada. He had been used liberally before being offered for sale and the reason we wanted him was because we saw a lot of the right kind of calves sired by him. He is a double grandson of Imp. Collynie Royal Barrage and his granddam is a daughter of the great Calrossie Grand National by Calrossie Control. A few females in the sale will carry his service.

MAX HARVEST KNIGHT

*One of the best  
we have ever  
produced . . .*

### Max Harvest Knight—

We believe him to be one of the very best bulls that will be sold this year. His sire is Klaymor Extra by Imp. Collynie Royal Barrage and his dam is the first daughter of Maxwellton Souvenir. She is out of a dam that is a granddaughter of the International junior champion, Calrossie Lord Rothes (Imp.). Max Harvest Knight not only has the best of ancestry but his burliness, bone, smooth fleshing, qualities and type make him an outstanding individual. We like the way he carries his width all the way back and he has the balance that is so important in a herd bull.

MAXWALTON EXTRA KNIGHT

### Maxwalton Extra Knight—

Is out of the same dam as Maxwalton Souvenir that topped our 1941 sale at \$2500. This deep red, close-coupled bull possesses excellent type and quality and there is every assurance that he will pass on to his calves all of his superior characteristics. He is level in his lines, smooth, and is covered from end to end with smooth, mellow flesh. A full brother was sold at the 1945 International Congress sale to L. W. Elliott & Sons, Chandlersville, Ohio. Study his pedigree, then look him over carefully sale day.

### Maxwalton Commodore—

His dam by Browndale Conqueror, is a member of the well known Clara family that have been great producers in the Maxwalton herd as well as in the Tomson Bros' herd. Those who appreciate the real quality will want the combination of individuality and breeding included in this one package. MAXWALTON FRESH START

*Backed by the best  
of imported blood . . .*

### Maxwalton Fresh Start—

A solid red son of imported Aldie Fresh Start by Aldie Keystone. He is just a youngster but we think he has a lot of possibilities because of his outstanding breeding and his individuality. He is a flashy red with a perfect top, beautiful balance and a wonderful rear end. The first crop of calves by his grandsire, Aldie Keystone, sold for an average of 1000 gns, and his second crop of calves included the Perth supreme champion, Pittodrie Banker, that sold for 4750 gns. (\$20,000). Another son of Aldie Keystone was sold for 1500 gns. Imp. Aldie Fresh Start sired some exceptional calves for Mr. Harding at Anoka Farm. Look this calf over, you will like him.

### Maxwalton Clipper Queen 2d—

One of the good heifers in the sale. She is a member of the famous Pine Grove Clipper family. She will sell with a dandy red bull calf at foot by Imp. Crieffvechter Beacon dropped Jan. 18th.
